

# TPRM - Your Vendor Inventory

## MANAGED AND MONITORED VENDOR CONNECTIONS

### MANAGED VENDORS

- 1. WHO** Vendors who have accepted your connection request
- 2. HOW** Request connection by sending them an invite to connect
- 3. WHY** To perform your security assessments as part of your due diligence process

### MONITORED VENDORS

- 1. WHO** Vendors you have manually added, or those who have not accepted your connection request (pending) yet
- 2. HOW** Manually add the vendor's domain to your inventory (no invite)
- 3. WHY** To analyze future/potential Managed Vendors connections or perform internal assessments without connecting with the vendor
